

CURRENT INITIATIVES

Domestic

Providing an “organizational shift” (Leadership Development) training for a division within a New York City Government agency that employs **14,000 people**, serves **3 Million New Yorkers** with an operating budget over **\$9 Billion**.

Our training looks at enhancing the leadership personnel to augment staff and external partnerships to cultivate the department as part of the broader organization focused on team building, fiscal diligence, effective operational awareness and management inclusive of personnel growth and succession planning.

International

Philanthropic effort in conjunction with our Nonprofit, Building Community Bridges, Inc. (<http://www.bcombridges.org/index.html>) as we explore long-term innovative solutions to help identify the root causes of socio-economic inequities in rural communities of Togo (West Africa) and Ghana, Africa.

Our combined effort is focused on developing their Educational System, Health Services and improved Environmental conditions (especially since we helped build the community’s first **Solar Energy Water Pump**) but our work is not done, so please help us by donating at <https://donorbox.org/become-a-bridge-to-hope>

Angel Investment Opportunity

Exploring the **E Squared** educational retention software solutions focused on outsourcing and direct recruiting of teachers/administrators for public/private schools
*(see “**Social Impact Investing**” tab for **E-Squared Investor Perspective** on Website Home Page)

Public Speaking

Exclusive invite by Young Start-Up Ventures <http://www.youngstartup.com> to present as one of the **Top 50 Innovators** on behalf of **The Bertrand Education Group** at their 2017 New England Venture Summit <https://www.youngstartup.com/2017NESummit/>
